SYNOPSIS:

On 071107 Mendocino County Sheriff deputies received a report that a wallet had just been stolen from a female juvenile in the downtown Gualala area. Subsequent investigation revealed that the victim was attempting to locate the owner of the wallet and return it to him when she was contacted by an acquaintance, Tamarin Riboli.

When Riboli learned that the owner of the wallet was unknown to the victim he requested that she give it to him. The victim refused to give the wallet to Riboli and he grabbed the wallet and wrestled it from her grasp. Riboli then ran away and fled in a vehicle.

Upon being advised that the theft of the wallet had been reported to law enforcement, Riboli returned the wallet although he had spent some of the money that he found within. Riboli later gave the victim money to replace that which he had removed from the stolen wallet.

Riboli was later located and arrested without incident for violation of 211 PC and lodged at the county jail with bail set at \$75,000.00
